3 CARGO - SHIPMENT, SIZES AND OPTIONS

3.1 The Vessel shall load a cargo as specified in the Fixture Note.

Cargo shall be loaded, transported and discharged in accordance with IMO recommendations.

3.2 The shipment will be deemed to be a full and complete cargo, even if the Vessel is not loaded down to her marks by reason of draft restrictions at Loading or Discharging Port(s).

4 VESSEL'S DESCRIPTION

4.1 Owner undertakes that the Vessel shall at all times be acceptable to Charterer.

The Vessel shall be suitable at all times for the loading, carriage and discharge of the cargoes nominated under this Contract.

Charterer and/or receiver shall have the right at any time on reasonable notice to inspect or survey the Vessel or substitute vessel with the Master or his nominee for the purpose of ascertaining whether the Vessel meets the requirements set out in Clause 4.2 and is being maintained and operated in accordance with the terms and conditions of this Contract.

4.2 Owner shall provide a seaworthy and cargo-worthy Vessel for the voyage, which:

- (a) is a modern, non overage, single deck, self trimming, gearless (or if applicable geared) bulk carrier or ore carrier, which has been approved by RightShip, with engine/accommodation aft, each without longitudinal centre line bulkheads; be tight, staunch and strong and in every way fitted for the nominated voyage, and classed 100A1 at Lloyds or equivalent; and

- (c) shall be of such size, draft, aircraft and other dimensions as to permit the vessel to safely enter, berth, lay alongside, load and discharge and depart, always safely afloat from Loading and Discharging Port(s); and
- (d) if applicable shall have holds strengthened and classed for carriage of iron ore in bulk; and

- (h) subject to paragraph 4.2(g), if the Vessel's slop tanks contain any slops, shall be warranted by the Owner at its expense, to have been made safe with inert gas before commencing operations to load and discharge the Vessel.

4.3 Owner warrants that:

- (a) if by reason of Vessel's construction cost of discharge exceeds the customary normal cost, the extra costs are to be for Owner's account and any additional time used in discharging shall be added to laytime; and
 - (b) Owner's warrants that the Vessel is entered with a Protection & Indemnity Club for full P&I coverage and that Vessel's hull and machinery is fully insured and shall remain so for the duration of this Contract.
- 4.4 Should the Vessel after arrival at Loading Port(s) or Discharging Port(s) be found to be in breach of sub-clause 4.2, and/or not able to perform cargo operations when requested to do so, then notwithstanding any right(s) of the Charterer elsewhere contained in this Contract, the Charterer may at its option and without prejudice to Owner's obligations under this Contract:
- (a) at the Loading Port, treat the Vessel's nomination as cancelled and the voyage unperformed, or;
 - (b) treat the voyage as suspended until Owner rectifies the Vessel's default of sub-clause 4.2.
- Any NOR previously accepted, even if valid at the time of issue, shall be deemed to be invalid and all time counting (including any time spent on demurrage) to be for Owner's account. - 4.5 In the event of the Owner providing an overage and/or a Vessel not classed as required in subclause 4.2(a) the Charterer may at its sole discretion accept in writing such nomination, which acceptance shall in no way relieve the Owner of all its other obligations under this Contract, particularly subclauses 4.1, 4.2 and Clause 31 with which the Owner shall comply.

5 OWNER'S/MASTER'S OBLIGATIONS

5.1 Owner undertakes that Owner and/or Master:

- (a) shall at all times be solely responsible to establish the applicable Vessel size, draft and air-draft requirements for Loading and Discharging Port(s) and to ensure that the Vessel is loaded so as to comply at all times with such requirements; and
- (b) should Owner or the Master cause or permit the Vessel to be loaded with a quantity of cargo such that on arrival the Vessel has at any Discharging Port, a draft in excess of the permissible entry draft at that port, Charterer or consignee(s) or their agent(s) shall have the right to require the Vessel to proceed to that port, or to any other port or place as they may require, for the purpose of lightening and/or complete or partial discharge. The costs of any lightening and any other additional costs incurred and time lost by reason of the necessity to lighten and/or divert the Vessel as aforesaid as a consequence of the above shall be for Owner's account.
- (c) further, Owner shall indemnify Charterer and/or consignee(s) against any loss or damage resulting from such diversion or delay including but not limited to the costs of on-carriage of the cargo to the nominated port, stockpiling charges, deterioration to the cargo (including any loss of market).
- (d) shall by no later than the time specified in the Fixture Note nominate a Vessel to perform the Voyage. Failure to do so by the date specified in this Clause will give the Charterer the right to cancel the Voyage on notice to the Owner, fix a vessel against the Owner and to claim as damages from the Owner any increased cost differential incurred by the Charterer as a result.

6 ISM CLAUSE

From the date of coming into force of the International Safety Management (ISM) Code in relation to the Vessel and thereafter during the currency of this Contract, the Owners shall procure that both the Vessel and 'the Company' (as defined by the ISM Code) shall comply with the requirements of the ISM Code. Upon request, the Owners shall provide a copy of the relevant Document of Compliance (DOC) and Safety Management Certificate (SMC) to the Charterers.

Except as otherwise provided in this Contract, loss, damage, expense or delay caused by failure on the part of the Owners or 'the Company' to comply with the ISM Code shall be for the Owner's account.

7 I.T.F. CLAUSE

Owner shall provide evidence to Charterer that Vessels, excluding those manned by Master and crew of the same nationality as the flag state of the Vessel's registration, comply with all the requirements of the International Transport Federation ('I.T.F.') or any successor organisation at the Loading and Discharging Port(s) from time to time applicable.

If the Vessel does not possess a current I.T.F. certificate or equivalent acceptable to the I.T.F. or if the Vessel's certificate lapses at any time during the currency of a voyage under this Contract, Charterer may terminate the Voyage.

Further, Owner shall keep Charterer fully indemnified against any consequences (including any delay as well as Charterer's costs to provide a suitable replacement vessel to meet its scheduling requirements) occasioned by such lapse of the Vessel's I.T.F. certification and/or failure to comply with any rules, by-laws or regulations as aforesaid.

8 LOADING PORT(S)

The Vessel shall proceed with all reasonable despatch to the Loading Port(s) as specified in the Fixture Note, or such other safe ports, as ordered by Charterer, and there load a full and complete cargo pursuant to the provisions of sub-clause 5.1.

Charterer whilst having Contractual commitments to other Owners and Operators of other vessels in the Loading Port(s) may be directed by the Port Authority to allocate berths and cargo at that port, and accordingly, Charterer shall not be bound to give to Owner any precedence over any other vessel.

9 DISCHARGING PORT(S)

9.1 Upon completion of loading and final draft survey and if tide and weather permit the Vessel shall proceed at the nominated speed, via the direct and/or customary route to the nominated Discharging Port(s) as ordered by Charterer where the Vessel shall discharge always afloat as specified in the Fixture Note.

- (a) Charterer shall have the option to change the Discharging Port(s), against paying freight which gives the Owner an equivalent time charter return to the base freight rate originally agreed.
- (b) The alternative Discharging Port(s) freight calculation shall be conducted on an open book basis commencing from the Vessel's previous Discharging Port and without consideration for repositioning (i.e. last to next basis).
- (c) Charterer whilst having Contractual commitments to other Owners and Operators of other vessels in the Discharging Port(s) may be directed by the Port Authority to allocate berths and cargo at the port, and accordingly, Charterer shall not be bound to give to Owner any precedence over any other vessel.

10 LAYDAYS AND CANCELLING DATE

Charterer is not bound to commence loading the Vessel and laytime shall not commence before 00:01 on the opening day of Laycan, unless otherwise agreed. Should the Vessel not be presented ready to load on or before 23:59 on the last layday (cancelling date) of Laycan as specified in the Fixture Note, Charterer has the right, without any penalty attaching, to cancel the voyage. If Charterer does not cancel the voyage, and does not agree a revised Laycan period with conditions, NOR shall be accepted on arrival and laytime shall run in accordance with Clause 15.1(a).

Should Owner have reason to believe the nominated Vessel may arrive at the Loading Port after the agreed cancelling date, Owner will immediately notify Charterer of the Vessel's revised ETA. Within two (2) working days of such advice Charterer shall notify Owner whether they will maintain the Vessel and extend the cancelling date accordingly or cancel the Vessel and treat it as unperformed. In the event the Vessel is cancelled, the Owner is to provide a replacement Vessel that satisfies the Owner's Contractual obligations under the terms of this Contract. If Owner fails to do so, then the Charterer may charter a substitute Vessel at that time and the Owner will reimburse the Charterer for any freight payment in excess of the freight rate under this Contract.

11 RELETING, SUBLETING, SUBCONTRACTING AND ASSIGNING

11.1 Charterer may relet or, sublet the Vessel and/or assign or subcontract any of its rights, duties or obligations but shall remain at all times fully responsible for all or any part thereof.

11.2 If Owner is unable to perform its basic obligations under this Charter Party, Charterer may at its sole option perform Owner's obligations, such shipment reducing Owner's rights to the quantity of cargo or number of shipments as specified in the Fixture Note. Any additional cost of obtaining replacement Vessel(s) and rates of freight exceeding the applicable Charter Party rates of freight shall be for Owner's account.

- 24.2 The Master shall ensure that (i) Mate's Receipts and (ii) Bill(s) of Lading signed and issued by the Master or Owner's agent accurately describe the cargo's apparent order and condition. The Owner shall indemnify the Charterer against all consequences or liabilities which may arise as a result of the Mate's Receipts or Bill(s) of Lading inaccurately describing the cargo's apparent order and condition;
- 24.3 Except where the Charterer is the shipper of the cargo shipped under this Contract, the shipper will not be regarded as the Charterer's agent in presenting the Mate's receipt and or Bill(s) of Lading for signature by the Master or Owner's agents;

25 FREIGHT RATE

Applicable freight rate shall be as specified in the Fixture Note.

- 25.1 Full freight to be deemed earned on completion of loading whether or not the Vessel and/or cargo is subsequently lost, and shall be paid on the loaded weight as determined by a joint draft survey made by the Master of the Vessel and Charterer's nominated surveyor, which quantity will be incorporated in the Bill(s) of Lading. The cost of Charterer's nominated surveyor is to be for Charterer's account.

Freight shall be deemed paid when Charterer gives to its bank written instructions to make the appropriate remittance and Owner acknowledges any delay in transfer of

freight that may thereafter occur, to be outside Charterer's control. The balance of freight together with settlement of despatch and/or demurrage if applicable shall be paid within 30 days of completion of discharge.

29.1 No Bill(s) of Lading to be signed for any blockaded port and if the Discharging Port(s) be declared blockaded after Bill(s) of Lading have been signed, or if the port(s) to which the Vessel is or shall be prohibited from going by the government of the nation under whose flag the Vessel sails or by any other Government. Owner shall discharge the cargo at any other port covered by this Contract as ordered by Charterer (provided that such other port is not blockaded or prohibited port as above mentioned) and shall be entitled to freight as if the Vessel had discharged at the Discharging Port(s) to which she was originally ordered.

29.2 The Vessel shall have liberty to comply with any orders or directions as to departure, arrival, routes, ports of call, stoppages, destination, delivery or otherwise howsoever given by the government of the nation under whose flag the Vessel sails or any department thereof, or any person acting or purporting to act with the authority of such government or any department thereof, or by any committee or person having, under the terms of the War Risks Insurance on the Vessel, the right to give such orders or directions and if by reason of and in compliance with any such orders or directions anything is done or not done, the same shall not be deemed a deviation, and delivery in accordance with such orders or directions shall be a fulfilment of the Contract voyage and the freight shall be payable accordingly.

30 EXTRA WAR RISK INSURANCE/WAR BONUS

Charterer shall pay for the additional cost, if any, of any War Risks Insurance premiums on the Vessel and for her crew over the rates in effect on the date of this Contract which are necessitated by the trade in which the Vessel is employed under this Contract. All War Risk Bonuses paid by Owner to members of the crew, in accordance with the provisions of Owner's Maritime Board agreements, and/or similar agreements in excess of those in effect on the date of this Contract as to the trade in which the Vessel is employed under this Contract shall to the extent of the excess (if any) of the

rates from time to time prevailing in such trade over those in effect on the date of the commencement of the voyage, be for Charterer's account.

31 EXTRA INSURANCE

32 SECRECY

32.1 It is hereby agreed that the terms of this Contract are confidential and that neither party shall disclose any of the terms to any third party unless such disclosure shall be required by law or to give commercial effect to this Contract.

33 UNFORESEEN CIRCUMSTANCES

Both Owner and Charterer realise that circumstances may arise which could not have been foreseen at the time this Contract was executed and each agree to use their best efforts to solve any such problems in a spirit of mutual understanding and cooperation.

34 ARBITRATION

34.1 Any dispute arising out of or in relation to this Contract shall be referred to arbitration in London. A single arbitrator to be appointed by agreement between the parties shall settle the dispute; or, in the event one party fails, in response to the other's notice of appointment, to appoint an arbitrator of its choice; the arbitrator so appointed shall be the sole arbiter of the dispute. If the parties cannot agree upon the appointment of the single arbitrator within fourteen (14) days after service by either of a notice to arbitrate, the dispute shall be settled by two arbitrators, each party appointing one arbitrator and in the event of the arbitrators disagreeing on any matter they shall appoint a third arbitrator.

The arbitrators appointed shall be senior commercial or legal practitioners engaged in the shipping industry. The President for the time being of the London Maritime Arbitrators Association shall upon request of either party appoint an umpire.

34.2 The arbitrator(s) shall have an absolute discretion in relation to the apportionment of the costs and expenses of the arbitration between the parties.

34.3 The award of the arbitrator, arbitrators shall be a condition precedent to the reference of any dispute to a Court.

34.4 The arbitration shall be conducted in London in accordance with the provisions of the LMAA's Rules and shall be commenced within 1 year of the dispute arising or the dispute will lapse.

35 PROPER LAW

This Contract shall in all respects be governed by and construed in accordance with English law and each party expressly submits to the jurisdiction of the English Courts should a dispute be referred pursuant to Clause 34 above.

36 OIL POLLUTION

Owner agrees to indemnify Charterer, its servants, its agent or any other party against any liability which may be imposed upon them or which they may incur under any statute regulation (or requirement or directive made thereunder) of any nation, state or international organisation

regarding liability for pollution of navigable waters by oil by reason of any contravention of such statute, regulation (requirement or directive made thereunder) as aforesaid by the Vessel, the Master or by any servant or agent of Owner, provided that such contravention shall not have been caused by the party seeking to be indemnified under this Contract and provided further that the facts and matters giving rise to the contravention do not constitute a defence under Article 3 Section 2 of the International Convention on Civil Liability for Oil Pollution Damage 1969. Owner warrants that the Vessel is adequately insured at all times for any liabilities arising out of any contravention as aforesaid.

No liability for demurrage shall arise from any delay or loss of time to the Vessel at the Loading Port(s) and/or Discharging Port(s) caused by any such contravention nor shall any time lost by any such contravention count as laytime or when calculating despatch.

37 LIEN

If the Vessel is under charter to the Owner then the Owner shall defend, indemnify and hold the Charterer herein harmless from any lien on cargo, freight or sub-freights exercised by the actual/Disponent Owner of the Vessel arising from the failure of Owner to discharge its obligations to the Vessel's actual/Disponent Owner under charter.

38 DRUG AND ALCOHOL CLAUSE

Owner/Disponent Owner undertakes to Charterer that it has guidelines on drug and alcohol abuse applicable to each Vessel with the objective that no seafarer will navigate a Vessel or operate its on-board equipment while impaired by drugs or alcohol and that no seafarer will have the use or possession of or the opportunity to sell or distribute or transport illicit or non-prescribed drugs aboard the Vessel. Further, the Charterer expects that the Owner/Disponent Owner exercise due diligence throughout the period of the charterparty to ensure that such guidelines are complied with.

39 GENERAL AVERAGE AND THE NEW JASON CLAUSE

These 94' Rules have been revised entirely: General Average shall be payable according to the York/Antwerp Rules, 1994, as amended, but where the adjustment is made in accordance with the law and practice of the United States of America, the following Clause shall apply:

NEW JASON CLAUSE

'In the event of accident, danger, damage or disaster before or after the commencement of the voyage, resulting from any cause whatsoever, whether due to negligence or not, for which, or for the consequence of which, the carrier is not responsible by statute, Contract or otherwise, the goods, shippers, consignees or owners of the goods shall contribute with the carrier in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred and shall pay salvage and special charges incurred in respect of the goods. If a salving ship is owned or operated by the carrier, salvage shall be paid for as fully as if the said salving ship or ships belonged to strangers. Such deposit as the carrier or his agent(s) may deem sufficient to cover the estimated contribution of the goods and any salvage and special charges thereon shall, if required, be made by the goods, shippers, consignees or owners of the goods to the carrier before delivery.' Charterer shall ensure that the Bills of Lading issued under this Contract shall contain or by general reference be deemed to incorporate the abovementioned 'General Average and New Jason Clause'.

40 BOTH TO BLAME COLLISION CLAUSE

If the liability for any collision in which the Vessel is involved while performing this Contract falls to be determined in accordance with the laws of the United States of America, the following Clause shall apply:

BOTH TO BLAME COLLISION CLAUSE

'If the ship comes into collision with another ship as a result of the negligence of the other ship and any act, neglect or default of the master, mariner, pilot or the servants of the carrier in the navigation or in the management of the vessel, the owner(s) of the goods carried hereunder will indemnify the carrier against all loss or liability to the other or non-carrying ship or her owner(s) in so far as such loss or liability represents loss of, or damage to, any claim whatsoever of the owners of the said goods, paid or payable by the other non-carrying ship or her owner(s) to the owner(s) of the said goods and set off, recouped or recovered by the other or non-carrying ship or her owner(s) as part of their claim against the carrying ship or carrier. The foregoing provisions shall also apply where the owner(s), operator(s) or those in charge of any ship or ships or objects other than, or in addition to, the colliding ships or objects are at fault in respect to a collision or contact.' Charterer shall ensure that the Bill(s) of Lading issued under this Contract shall contain or by general reference be deemed to incorporate the abovementioned 'Both to Blame Collision Clause'.

41 ICE CLAUSE

- 41.1 Should ice prevent the Vessel(s) from reaching Discharging Port(s), Charterer shall have the option of keeping the vessel waiting until the re-opening of navigation on paying demurrage for time thereby lost, or of ordering the Vessel to a safe and immediately accessible port (within the range as stated in Clause 9) where it can safely discharge without risk of detention by ice. Such orders are to be given within forty eight (48) hours after Master or Owner has given notice to Charterer and consignee(s) of the impossibility of reaching the Discharging Port(s).
- 41.2 If, during discharging the Master, for fear of the Vessel being frozen in, deems it advisable to leave, he has the liberty to do so with whatever quantity of cargo he has on board. Owner shall forthwith give notice to Charterer of the situation. Within forty eight (48) hours after receipt of such notice Charterer shall give notice to Owner in reply nominating an alternate Discharging Port conforming to the same conditions in Clause 9.
- 41.3 On delivery of the cargo at the alternative Discharging Port, all conditions of the Contract shall apply and Owner shall receive the same freight as if the Vessel had discharged at the original Discharging Port, except that if the distance of the alternative Discharging Port from the Discharging Port exceeds one hundred (100) nautical miles, Charterer shall pay Owner any extra expenses incurred by Owner due to such alteration of destination.

42 ISPS CLAUSE

42.1 In this Clause:

- (a) 'CSO' means Company Security Officer;
- (b) 'ISPS Code' means the International Ship and Port Facility Security (ISPS) Code (as amended from time to time) and the relevant amendments to Chapter XI of the International Convention for the Safety of Life at Sea 1974;
- (c) 'SSO' means Ship Security Officer;
- (d) all words and expressions that are defined in the ISPS Code have the same meanings in this Clause, in particular 'the Company', 'Company Security Officer', 'Interim International Ship Security Certificate', 'International Ship Security Certificate', 'Ship Security Officer' and 'Ship Security Plan'.

42.2 From the date of coming into force of the ISPS Code in relation to the Vessel and thereafter during the currency of this Contract, Owner shall ensure that both the Vessel and the Company comply at all times with the requirements in the ISPS Code relating to the Vessel and the Company. Owner shall provide to Charterer:

- (a) a copy of the relevant International Ship Security Certificate (or the Interim International Ship Security Certificate) for the Vessel; and

(b) the full style contact details of the CSO.

42.3 Except as otherwise provided in this Contract, Owner shall be liable for any loss, damage, expense or delay, which arises from any failure at any time of the Company or the Vessel to comply with the requirements in the ISPS Code (or the taking of any action to meet such requirements) or breach by Owner of any of its obligations in this Clause.

42.4 Charterer shall provide the CSO and either the SSO or the Master with Charterer's full style contact details and any other information Owner requires to comply with the ISPS Code. Any delay caused by Charterer's failure to provide information required under this paragraph (d) shall count as laytime and Charterer must reimburse Owner for any additional costs incurred by Owner, which result directly from Charterer's failure to provide such information.

42.5 The Master shall be entitled to tender NOR even if the Vessel is not cleared due to applicable security regulations or measures imposed by a port facility or any relevant authority under the ISPS Code provided that the SSO and the Master believe (having made all reasonable enquiries) that clearance will be granted swiftly in accordance with normal practice and procedure at the port. However, the NOR shall be invalidated if any delay in clearance of the Vessel arises from any failure at any time of the Company or the Vessel to comply with the requirements in the ISPS Code (or the taking of any action to meet such requirements) or breach by Owner of any of its obligations in this Clause.

42.6 Notwithstanding sub-clause 42.5, any time lost as a result of security measures imposed by a port facility or relevant authority under the ISPS Code shall not count as laytime or time on demurrage (unless such lost time was directly caused by Charterer's failure to comply with its obligations in the ISPS Code or this Clause), whether the Vessel is on demurrage or not.

42.7 Notwithstanding anything else contained in this Contract:

Owner and Charterer shall share in equal proportions any additional costs or expenses arising out of, or related to, security regulations or measures required by the port facility or relevant authority under the ISPS Code including security guards, launch services, tug escorts, port security fees or taxes and inspections (provided that if any such additional costs arise solely from either party's failure to comply with the requirements of the ISPS Code or this Clause, then that party will be solely responsible for such costs);

Owner shall be responsible for the cost and expense of all measures required by Owner or the Company to comply with the Ship Security Plan.

42.8 If either party makes any payment, which is for the other party's account according to this Clause, the other party shall indemnify the paying party.

43 DEVIATION AND LIBERTIES

The Vessel shall have liberty to sail with or without pilots, except where compulsory pilotage is required, to tow or to be towed to deviate from the voyage for the purpose of saving human life, to communicate with a vessel in distress in case lives may be in danger or to avoid danger to the ship or cargo, but for no other purpose whatsoever.

44 COMMUNICATIONS

It is mutually agreed that the English language will be used in notices, letters, telexes and all other means of communication between parties. In this Contract:

46 INCORPORATED DOCUMENTATION

Only the following documents form part of and are incorporated into this Contract:

47 LIQUIDATION/BANKRUPTCY OF OWNER

If Owner becomes insolvent or bankrupt or has a receiving order made against it or compounds with its creditors, or being a corporation commences to be wound up, or is placed under official management or carries on its business under a receiver, trustee, liquidator or provisional liquidator for the benefit of any or all of its creditors Owner shall forthwith notify Charterer accordingly and Charterer may either:

47.1 Terminate the Charter Party forthwith by notice to owner, receiver, trustee, liquidator, provisional liquidator, official manager or to any other person in whom the Charter Party may have become vested; or

47.2 Give to the receiver, trustee, liquidator, provisional liquidator, official manager or other person the option to perform the Charter Party subject to him providing a guarantee (satisfactory to Charterer) for the time being remaining to be performed for the due and faithful performance of the Charter Party.

47.3 Any option given under paragraph 47.2 of this Clause shall be exercisable within fourteen (14) days of its receipt.

48 SET OFF

Following a default by either party hereunder (the Defaulting Party) the other party (the Non-Defaulting Party) shall be entitled, at its option, to set off any amounts believed in good faith and on reasonable grounds by the Non-Defaulting Party to be payable (whether at such time or in the future or upon the occurrence of a contingency) by the Defaulting Party to the Non-Defaulting Party (whether under this Contract or otherwise), against any amounts believed in good faith and on

reasonable grounds by the Non-Defaulting party to be payable (whether at such time or in the future or upon the occurrence of a contingency) by the Non-Defaulting Party to the Defaulting Party (whether under this Contract or otherwise), irrespective of the currency, place of payment or booking office of either party's obligations and the parties' respective obligations shall be discharged promptly and in all respects to the extent they are so set-off.

The Non-Defaulting Party will give 3 (three) days prior notice to the Defaulting Party of any intended set-off to be effected under this provision. For this purpose, any such amount payable by one party to the other (or the relevant portion of such amount) may be converted by the Non-Defaulting Party, acting in good faith and in a commercially reasonable manner, into such currency as may reasonably be required in order to effect such set-off at an exchange rate determined by the Non-Defaulting Party acting in good faith and in a commercially reasonable manner.

If an obligation is unascertained, the Non-Defaulting Party may in good faith estimate that obligation and set off in respect of the estimate, subject to the relevant party accounting to the other when the obligation is ascertained. The right of the non-defaulting party under this provision shall apply without prejudice to any other right of set-off which it may have whether by agreement, operation of law or otherwise. Nothing in this provision shall be effective to create a charge or other security interest.

49 LETTER OF INDEMNITY

If requested to by Charterer, the Master shall release all or part of the cargo at the Discharging Port(s) without presentation of original Bills of Lading.

Prior to discharge, and if required by Owner, Charterer shall provide Owner with a signed Letter of Indemnity in the standard P&I Club format, stating that no counter signature will be required from Charterer's bank. Such Letter of Indemnity shall automatically become null and void upon presentation to Owner/Master of an original Bill of Lading by the party to whom the goods were discharged, or by their duly authorised agent.

50 CHANGE OF CONTROL OR OWNERSHIP

50.1 The Owners warrant that throughout the term of this Contract, there shall be no change in its effective control or ownership. For the purposes of this Clause "effective control or ownership" shall mean:

- (a) control of the composition of the Owner's Board of Directors;
- (b) control of more than 20% of the ultimate beneficial ownership or voting power of the Owner; and/or
- (c) control of more than 20% of the ultimate beneficial ownership of the share capital of the Owner.

50.2 In the event of a change of effective control or ownership of the Owner during the term of this Contract (which the Owner undertakes to notify the Charterer of promptly upon the occurrence of such a change and to provide reasonable details thereof to the Charterer), the Charterer may at its sole option, without prejudice to Owners obligations under this Contract, either:

- (a) propose to the Owner revised terms under which they are prepared to continue the performance of the Contract; or
- (b) terminate the Contract by giving 30 days notice in writing to the Owner.

MARITIME COUNCIL (BIMCO)

Conditions of Carriage.

(1) All terms and conditions, liberties and exceptions of the Charter Party, dated as overleaf, including the Law and Arbitration Clause, are herewith incorporated.

(2) General Paramount Clause.

(a) The Hague Rules contained in the International Convention for the Unification of certain rules relating to Bills of Lading, dated Brussels the 25th August 1924 as enacted in the country of shipment, shall apply to this contract. When no such enactment is in force in the country of shipment, the corresponding legislation of the country of destination shall apply, but in respect to which no such enactments are compulsorily applicable, the terms of the said Convention shall apply.

(b) *Trades where Hague-Visby Rules apply.*

In trades where the International Brussels Convention 1924 as amended by the Protocol signed at Brussels on February 23rd 1968—the Hague-Visby Rules—apply compulsorily, the provisions of the respective legislation shall apply to this Bill of Lading.

(c) The Carrier shall in no case be responsible for the loss or damage to the cargo, howsoever arising prior to loading into and after discharge from the Vessel or while the cargo is in charge of another Carrier, nor in respect of deck cargo or live animals.

(3) General Average.

General Average shall be adjusted, stated and settled according to York-Antwerp Rules 1994, or any subsequent modification thereof in London unless another place is agreed in the Charter Party.

Cargo's contribution to General Average shall be paid to the Carrier even when such average is the result of a fault, neglect or error of the Master, Pilot or Crew. The Charterers, Shippers and Consignees expressly renounce the Belgian Commercial Code, Part II, Art. 148.

(4) New Jason Clause.

In the event of accident, danger, damage or disaster before or after the commencement of the voyage, resulting from any cause whatsoever, whether due to negligence or not, for which, or for the consequence of which, the Carrier is not responsible, by statute, contract or otherwise, the cargo, Shippers, Consignees or the owners of the cargo shall contribute with the Carrier in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred and shall pay salvage and special charges incurred in respect of the cargo.

If a salving ship is owned or operated by the Carrier, salvage shall be paid for as fully as if the said salving vessel or vessels belonged to strangers. Such deposit as the Carrier or his agents may deem sufficient to cover the estimated contribution of the goods and any salvage and special charges thereon shall, if required, be made by the cargo, Shippers, Consignees or owners of the goods to the Carrier before delivery.

(5) Both-to-Blame Collision Clause.

If the Vessel comes into collision with another vessel as a result of the negligence of the other vessel and any act, neglect or default of the Master, Mariner, Pilot or the servants of the Carrier in the navigation or in the management of the Vessel, the owners of the cargo carried hereunder will indemnify the Carrier against all loss or liability to the other or non-carrying ship or her Owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said cargo, paid or payable by the other non-carrying vessel or her Owners to the owners of said cargo and set-off, recouped or recovered by the other or non-carrying vessel or her Owners as part of their claim against the carrying Vessel or Carrier. The foregoing provisions shall also apply where the Owners, operators or those in charge of any vessel or vessels or objects other than, or in addition to, the colliding vessels or objects are at fault in respect of a collision or contact.

For particulars of cargo, freight destination, etc., see overleaf.
