Owner to nominate and provide Vessel(s), which shall be RightShip approved, loaded with cargo provided by the Charterer under the direction, supervision and responsibility of the Vessel's Master, and Owner shall carry and deliver the cargo as set out in this Contract.

3. CARGO - SHIPMENTS, SIZES AND OPTIONS

- 3.1 The Vessel shall load a cargo as specified in the ***Fixture Note***. Cargo shall be loaded, transported and discharged in accordance with IMO recommendations.
- 3.2 The shipment will be deemed to be a full and complete cargo, even if the Vessel is not loaded down to her marks by reason of draft restrictions at Loading or Discharging Port(s).

4. VESSEL'S DESCRIPTION

- 4.1 Owner undertakes that the Vessel shall at all times be acceptable to Charterer.

The Vessel shall be suitable at all times for the loading, carriage and discharge of the cargoes nominated under this Contract.

Charterer and/or receiver shall have the right at any time on reasonable notice to inspect or survey the Vessel or substitute vessel with the Master or his nominee for the purpose of ascertaining whether the Vessel meets the requirements set out in clause 4.2 and is being maintained and operated in accordance with the terms and conditions of this Contract.

- 4.2 Owner shall provide a seaworthy and cargo-worthy Vessel for the voyage, which:
 - (a) is a modern, non-Overage, single deck, self-trimming, gearless (or if applicable geared) bulk carrier or ore carrier, which has been vetted by RightShip, with engine/accommodation aft, each without longitudinal centre line bulkheads; be tight, staunch and strong and in every way fitted for the nominated voyage, and classed 100A1 at Lloyds or equivalent; and
 - (b) shall be acceptable to the relevant authorities and conform with all laws, regulations and requirements in force at or applicable to Loading and Discharging Port(s) and be maintained to standards of accommodation, equipment, fixtures & fittings acceptable to the Charterer, and

- (c) shall be of such size, draft, air-draft and other dimensions as to permit the Vessel to safely enter, berth, lay alongside, load and discharge and depart, always safely afloat from Loading and Discharging Port(s); and
- (d) if applicable shall have holds strengthened and classed for carriage of iron ore in bulk; and
- (e) shall be capable of loading cargo in all holds as required by Charterer and be cargo-worthy in every respect; and
- (f) shall be suitable for grab discharge with no fittings protruding from internal hold surfaces and fitted with Australian hold ladders; and
- (g) shall have all cargo holds, compartments, open and closed trunk-ways, where applicable, free of flammable and toxic gasses on presentation of the Vessel at the Loading Port(s) and Discharging Port(s); and
- (h) subject to clause 4.2(g), if the Vessel's slop tanks contain any slops, shall be warranted by the Owner at its expense, to have been made safe with inert gas before commencing operations to load and discharge the Vessel.
- (i) shall at each Loading Port and each Discharging Port have its tanks free of substances harmful to the marine environment within the meaning of MARPOL Annexe V, and Owner agrees to indemnify Charterer for all consequences (if any) associated with any breach or alleged breach of Owner's obligations under MARPOL Annexe V, time not to count even if on demurrage for any delay occasioned thereby.

4.3 Owner warrants that:

- (a) if by reason of Vessel's construction, cost of discharge exceeds the customary normal cost, the extra costs are to be for Owner's account and any additional time used in discharging shall be added to laytime;
- (b) the Vessel is entered with an International Group Protection & Indemnity Club for full P&I coverage, and that Vessel's hull and machinery is fully insured, and in each case shall remain so for the duration of this Contract and any voyage(s) hereunder;
- (c) the Owners comply, and will for the duration of this Contract and any Voyage(s) hereunder remain compliant, with all requirements of the International Code for the Security of Ships and of Port Facilities and the relevant amendments to Chapter XI of SOLAS (ISPS Code) relating to the Vessel and 'the Company' (as defined by the ISPS Code). If trading to or from the United States or passing through United States waters, the Owners shall also comply with the requirements of the US Maritime Transportation Security Act 2002 (MTSA) relating to the Vessel and the 'Owner' (as defined by the MTSA). Except as otherwise provided in this Contract, any loss, damage, expense or delay caused by any failure on the part of the Owner to comply with the ISPS Code and/or the MTSA, shall be for the Owner's sole account; and
- (d) the Vessel and 'the Company' (as defined by the ISM Code) comply, and will for the duration of this Contract and any Voyage(s) hereunder remain compliant, with all requirements of the International Safety Management Code (ISM Code) relating to the Vessel and 'the Company'. Except as otherwise provided in this Contract, any loss, damage, expense or delay caused by any failure on the part of the Owner to comply with the ISM Code, shall be for the Owner's sole account.

- 4.4 Should the Vessel after arrival at Loading Port(s) or Discharging Port(s) be found to be in breach of any part of clause 4, and/or not able to perform cargo operations when requested to do so, then notwithstanding any right(s) of the Charterer elsewhere contained in this Contract, the Charterer may at its option and without prejudice to Owner's obligations under this Contract:

- (a) at the Loading Port, treat the Vessel's nomination as cancelled and the voyage unperformed, or;
- (b) treat the voyage as suspended until Owner rectifies the Vessel's default of clause 4.

Any NOR previously accepted, even if valid at the time of issue, shall be deemed to be invalid and all time counting (including any time spent on demurrage) to be for Owner's account. Owner shall keep Charterer fully indemnified against any consequences of the Vessel's failure to comply with any part of clause 4, including any delays, and, where applicable, Charterer's costs to provide a suitable replacement Vessel to meet its shipping requirements.

- 4.5 In the event of the Owner providing an Overage Vessel and/or a Vessel not classed as required in clause 4.2(a), the Charterer may at its sole discretion accept in writing such nomination, which acceptance shall in no way relieve the Owner of all its other obligations under this Contract, particularly clauses 4.1, 4.2, 4.3 and clause 30 with which the Owner shall comply.

5. OWNER'S/MASTER'S OBLIGATIONS

- 5.1 Owner undertakes that Owner and/or Master:

- (a) shall at all times be solely responsible to establish the applicable Vessel size, draft and air-draft requirements for Loading and Discharging Port(s) and to ensure that the Vessel is loaded so as to comply at all times with such requirements;
- (b) should Owner or the Master cause or permit the Vessel to be loaded with a quantity of cargo such that on arrival the Vessel has at any Discharging Port, a draft in excess of the permissible entry draft at that port, Charterer or consignee(s) or their agent(s) shall have the right to require the Vessel to proceed to that port, or to any other port or place as they may require, for the purpose of lightening and/or complete or partial discharge. The costs of any lightening and any other additional costs incurred and time lost by reason of the necessity to lighten and/or divert the Vessel as aforesaid as a consequence of the above shall be for Owner's account;
- (c) shall indemnify Charterer and/or consignee(s) against any loss or damage resulting from such diversion or delay including but not limited to the costs of on-carriage of the cargo to the nominated port, stockpiling charges, deterioration to the cargo (including any loss of market); and
- (d) shall by no later than the time specified in the **Fixture Note** nominate a Vessel to perform the Voyage. Failure to do so by the date specified in this clause will give the Charterer the right to cancel the Voyage on notice to the Owner, fix a vessel against the Owner and to claim as damages from the Owner any increased cost differential incurred by the Charterer as a result.

6. I.T.F. CLAUSE

Owner shall provide evidence to Charterer that the Vessel(s), excluding any manned by Master and crew of the same nationality as the flag state of the Vessel's registration, comply with all the requirements of the International Transport Federation ('I.T.F.') and of the

Maritime Labour Convention 2006 or have equivalent standards applicable to all crew on-board throughout the voyage or term of this Contract, as the case may be.

If the Vessel does not possess a current I.T.F. certificate or does not evidence equivalent standards or if the Vessel's certificate lapses at any time during the currency of a voyage under this Contract, Charterer may terminate the Voyage.

Further, Owner shall keep Charterer fully indemnified against any consequences (including any delay as well as Charterer's costs to provide a suitable replacement vessel to meet its scheduling requirements) occasioned by such lapse of the Vessel's I.T.F. certification and/or failure to comply with any rules, by-laws or regulations as aforesaid.

7. **LOADING PORT(S)**

The Vessel shall proceed with all reasonable despatch to the Loading Port(s) as specified in the **Fixture Note**, or such other safe ports, as ordered by Charterer, and there load a full and complete cargo pursuant to the provisions of clause 5.1.

Charterer whilst having contractual commitments to other owners and operators of other vessels in the Loading Port(s) may be directed by the Port Authority to allocate berths and cargo at that port, and accordingly, Charterer shall not be bound to give the Vessel priority over any other vessel.

8. **DISCHARGING PORT(S)**

8.1 Upon completion of loading and final draft survey and if tide and weather permit the Vessel shall proceed at the nominated speed, via the direct and/or customary route to the nominated Discharging Port(s) as ordered by Charterer where the Vessel shall discharge always afloat as specified in the **Fixture Note**.

- (a) Charterer shall have the option to change the Discharging Port(s), against paying freight which gives the Owner a daily time charter rate equivalent to the freight rate agreed in the **Fixture Note**.
- (b) The alternative Discharging Port(s) freight calculation shall be conducted on an open book basis commencing from the Vessel's previous Discharging Port and without consideration for repositioning (i.e. last to next basis).
- (c) Charterer whilst having contractual commitments to other owners and operators of other vessels in the Discharging Port(s) may be directed by the Port Authority to allocate berths and cargo at the port, and accordingly, Charterer shall not be bound to give the Vessel priority over any other vessel.

9. **LAYDAYS AND CANCELLING DATE**

Charterer is not bound to commence loading the Vessel and laytime shall not commence before 00:01 on the first day of the Laycan Period specified in the **Fixture Note**, unless otherwise agreed. Should the Vessel not be presented ready to load on or before 23:59 on the last day of the Laycan Period specified in the **Fixture Note** ('Cancelling Date'), Charterer has the right, without any liability or penalty attaching, to cancel the voyage. If Charterer does not cancel the voyage, and does not agree a revised Laycan Period with conditions, NOR shall be accepted on arrival and laytime shall run in accordance with clause 14.1(a).

Should Owner have reason to believe the nominated Vessel may arrive at the Loading Port after the Cancelling Date, Owner will immediately notify Charterer of the Vessel's revised ETA. Within two (2) working days of such advice Charterer shall notify Owner if Charterer will either agree a revised Laycan Period with conditions, or cancel the Vessel and/or treat the Voyage as unperformed. In the event the Vessel is cancelled, at Charterer's option the Owner

may be called upon to provide a replacement Vessel that satisfies the Owner's obligations under the terms of this Contract. If Owner fails to do so, then the Charterer may charter a substitute vessel and the Owner will reimburse the Charterer for any freight payment in excess of the freight rate under this Contract.

10. RELETTING, SUBLETTING, SUBCONTRACTING AND ASSIGNING

- 10.1 Charterer may relet or sublet the Vessel and/or assign or subcontract any of its rights, duties or obligations but shall remain at all times fully responsible for all or any part thereof.
- 10.2 If Owner is unable to perform its obligations under this Contract, Charterer may at its sole option perform Owner's obligations, which shall reduce Owner's rights and Charterer's obligations regarding the quantity of cargo and/or number of shipments as specified in the **Fixture Note**. Any additional cost of obtaining replacement vessel(s) in excess of the freight rate under this Contract shall be for Owner's account.

11. NOTICES BY MASTER

- 11.1 The Master of a Vessel proceeding to Loading Port(s) shall notify parties as advised by Charterer:
- (a) On fixing, on sailing the last port or ten (10) days prior to Vessel's arrival, whichever is earlier:
 - (i) giving daily ETA notices;

 - (b) average speed;

- (c) ETA at Discharging Port; and
 - (d) distance to Discharging Port.
- 11.4 Charterer may, by radioed notice to Master, which notice is deemed to be notice to the Owner for the purposes of this clause, advise of any change in the order of the Discharging Port(s) provided that such notice is given:
 - (a) at least five (5) days prior to Vessel's ETA at first Discharging Port; or
 - (b) within twenty four (24) hours of receipt of Master's advice pursuant to clause 11.1 or 11.2;and provided that either:
 - (c) the Vessel as loaded will be able to enter the Discharging Port(s); or
 - (d) if such change in order necessitates lightening and/or the use of lighterage at Discharging Port(s), the provisions of clause 20 shall apply.
- 12. **LOADING AND DISCHARGING RATES**
 - 12.1 The cargo shall be loaded, belt or spout trimmed and discharged free of expense to Owner, under Owner's/Master's responsibility, direction and supervision which includes, but is not limited to, loading and discharging speeds, which at all times remain the sole responsibility of the Owner and Master.
 - 12.2 Subject to the provisions of this Contract the Owner and Master shall be responsible for:

 - (b) nominating the hatch loading sequence with quantities and monitoring the quantities as loaded in each hold;

 - (a) cargo shall be loaded at the rates specified in the ***Fixture Note***;

 - (c) the above loading and discharging rates have been calculated on the basis of all the Vessel's hatches being available for loading and discharging when and as required by Charterer.
 - 12.4 Owner shall provide and maintain in good working order:
 - (a) Vessel's lights for loading and discharging; and
 - (b) Vessel's cranes and/or grabs if fitted.

13. PRESENTATION OF NOTICE OF READINESS

At Loading Port(s) and Discharging Port(s) NOR shall be tendered as specified in the *Fixture Note*, and may be tendered whether the Vessel is in berth or not, whether in free pratique or not, whether in customs clearance or not, but in case the Vessel is an ore/oil or ore/bulk/oil carrier the Master must possess a valid gas free certificate (as Owner provides for in clause 4.2(g)) and present same as required by the Port/Harbour Authority or berth operator.

In the event that free pratique and/or customs clearance is not granted and/or the Vessel is not ready in all respects to load or discharge when the NOR was tendered and/or when requested to load or discharge, the previously tendered NOR shall be deemed null and void and no laytime or time on demurrage shall have accrued, and a new NOR shall be tendered when the Vessel has complied with the aforementioned conditions.

If Master or Vessel's agent fails to tender NOR by the Cancelling Date pursuant to clause 9, Charterer may at its option and without prejudice to Owner's obligations under this Contract, treat the Vessel's nomination as cancelled and/or the Voyage unperformed.

Turntime shall commence running after a valid NOR has been tendered.

14. COUNTING OF LAYTIME

The measure of laytime shall be a weather working day of twenty four (24) consecutive hours or pro rata for part thereof, Saturdays, Sundays and Holidays included/excluded as specified in the *Fixture Note*.

14.1 At a Loading Port

- (a) Laytime shall commence running after a valid NOR has been tendered in accordance with clause 13 once turntime expires, or when loading commences, whichever occurs first. Should turntime expire before the start of the Laycan Period as per clause 9, laytime will commence at 00:01 on the first day of the Laycan Period.
- (b) Time used for draft checks during the course of loading shall not count as laytime or time on demurrage if the Vessel is already on demurrage.
- (c) Laytime shall cease on completion of loading.

14.2 At a Discharging Port

- (a) Laytime shall commence running after a valid NOR has been tendered in accordance with clause 13 once turntime expires, or when discharging commences, whichever occurs first.
- (b) Time used for draft checks during the course of discharge shall not count as laytime or time on demurrage if the Vessel is already on demurrage. Time used for draft surveys prior to the commencement of discharge shall always count as laytime or time on demurrage if the Vessel is already on demurrage.
- (c) Laytime shall cease on completion of discharge. In the event a draft survey is required by Charterer/receiver then time shall only cease to count on completion of draft survey.

14.3 At Loading and Discharging Ports

- (a) Time used in the first shift of the Vessel from any waiting place to the berth shall not count as laytime or time on demurrage if the Vessel is already on demurrage. Cost of the first shift shall be for Owner's account.

- (b) Time used in shifting directly between berths at Charterer's request shall count as laytime and all costs thereof shall be for Charterer's account.
 - (c) If the Charterer orders the Vessel to load or discharge at two ports, time shall cease to count from the time of completion of loading or discharging at the first port until arrival of the Vessel at the second port, whether in berth or not. Shifting time from waiting place to berth in the second port is not to count as laytime.
 - (d) If either the Master or the Port Authority shall for any reason whatsoever order the Vessel out of a berth, time shall not count from the cessation of loading or discharging, whichever is applicable, until the Vessel is in berth again and ready to resume loading or discharging, whether the Vessel is on demurrage or not.
- 14.4 Any time lost during loading or discharging due to the Vessel's inability to load or discharge at the rates referred to in clause 12.3, or due to any other defect and/or default in the Vessel, failure to comply with local regulations, deficiency and/or default of Vessel's personnel, including inability of the Vessel to ballast or deballast at a rate commensurate with the respective loading or discharging rate, shall not count as laytime or time on demurrage if the Vessel is already on demurrage. Any time lost obtaining gas free clearance, either directly or as a consequence thereof, shall be for Owner's account, whether the Vessel is already on demurrage or not.
- 14.5 Laytime shall not be reversible.
- 14.6 Laytime permitted at Loading and Discharging Port(s), shall be calculated on the Bill of Lading quantity and deadfreight quantity, if any.
15. **FORCE MAJEURE**
- 15.1 Charterer shall be under no liability to Owner for any delay or failure in the performance of any of its obligations under this Contract, nor shall laytime count, nor shall any other time thereby lost count against Charterer whether the Vessel is already on demurrage or otherwise, if such delay or failure is due to or results directly or indirectly from; war, or the anticipated imminence thereof, between any nations; restraint of rulers, governments or peoples; legislation, decrees, orders, regulations or the like by government of the country of shipment or discharge or any port or waterway where the Vessel may from time to time be, or of the Vessel's flag; inability to obtain export or import licenses; blockade, sanctions (including but not limited to Economic Sanctions), civil commotion, political disturbances, revolution, revolt or riot, strikes, boycott, lock-outs, industrial disturbances or any effects whatsoever thereof; combinations of seamen or workmen; blockages or obstructions in the Loading Port(s) or Discharging Port(s), the navigation channels or approaches; accidents or stoppages, mechanical or electrical breakdowns, whether total or partial, at mines, ports including Loading Port(s) or Discharging Port(s), railways, roadways, waterways, ropeways or other means of transport; epidemics, quarantine, acts of God, inclement weather (including but not limited to drought, frosts, tropical revolving storms, high winds, floods, snow, storms, heavy rain, tempests or washaways); congestion at the Loading Port(s) or Discharging Port(s) resulting from any of the above causes; or any other event or occurrence of any nature or of any kind whatsoever beyond the reasonable control of Charterer, including any delay or failure resulting directly or indirectly from the consequences of such event or events after they have ceased to operate.
- 15.2 In the event of an occurrence of Force Majeure under clause 15.1, affecting or likely to affect the performance of any of Charterer's obligations herein, Charterer shall give prompt notice thereof to Owner and shall, if required, and upon reasonable notice, give to Owner in writing

particulars of the relevant event, together with such supporting evidence as is reasonably available.

- 15.3 In the event of an occurrence of Force Majeure as aforesaid affecting the performance of any of Charterer's obligations herein, Charterer shall take reasonable steps to minimise any delay or effect of Force Majeure and make good and resume with the least possible delay compliance with any obligation affected. Charterer, whilst having contractual commitments to other owners and operators of other vessels in the Loading Port(s) and Discharging Port(s), may be directed by the Port Authority to allocate berths and cargo at those ports, and accordingly, Charterer shall not be bound to give the Vessel priority over any other vessels.

16. DEMURRAGE/DESPATCH

16.1 At Loading and Discharging Port(s):

- (a) Charterer shall pay to Owner demurrage at the rates specified in the *Fixture Note*; per day of twenty four (24) consecutive hours and pro rata for part thereof for all time used in excess of laytime allowed.
- (b) Owner shall pay to Charterer despatch money at the rates specified in the *Fixture Note*; per day of twenty four (24) consecutive hours and pro rata for part thereof for all laytime saved.
- (c) Demurrage and/or Despatch, if any, shall be settled within 30 days of completion of discharge.

17. COVERING AND UNCOVERING OF HATCHES

- 17.1 All time and expenditure relating to the covering and uncovering of hatches shall be for Owner's account.
- 17.2 The Master shall cover the hatch(es) of each hold as soon as loading into that hold has finished.

- 28.2 If at any time before the Vessel commences loading, it appears that, in the reasonable judgement of the Master and/or the Owners, performance of this Contract, or any part of it, may expose the Vessel, cargo, crew or other persons on board the Vessel to War Risks, the Owners may give notice to the Charterers cancelling this Contract, or may refuse to perform such part of it as may expose the Vessel, cargo, crew or other persons on board the Vessel to War Risks; provided always that if this Contract provides that loading or discharging is to take place within a range of ports, and at the port or ports nominated by the Charterers the Vessel, cargo, crew, or other persons on board the Vessel may be exposed to War Risks, the Owners shall first require the Charterers to nominate any other safe port which lies within the range for loading or discharging, and may only cancel this Contract if the Charterers shall not have nominated such safe port or ports within 48 hours of receipt of notice of such requirement.

If it should so appear, the Owners may by notice request the Charterers to nominate a safe port for the discharge of the cargo or any part thereof, and if within 48 hours of the receipt of such notice, the Charterers shall not have nominated such a port, the Owners may discharge the cargo at any safe port of their choice (including the port of loading) in complete fulfilment of the this Contract. The Owners shall be entitled to recover from the Charterers the extra expenses of such discharge and, if the discharge takes place at any port other than the loading port, to receive the full freight as though the cargo had been carried to the Discharging Port and if the extra distance exceeds 100 miles, to additional freight which shall be the same percentage of the freight contracted for as the percentage which the extra distance represents to the distance of the normal and customary route, the Owners having a lien on the cargo for such expenses and freight.
- 28.4 If at any stage of the voyage after the loading of the cargo commences, it appears that, in the reasonable judgement of the Master and/or the Owners, the Vessel, cargo, crew or other persons on board the Vessel may be exposed to War Risks on any part of the route (including any canal or waterway) which is normally and customarily used in a voyage of the nature contracted for, and there is another longer route to the Discharging Port, the Owners shall give notice to the Charterers that this route will be taken. In this event the Owners shall be entitled, if the total extra distance exceeds 100 miles, to additional freight which shall be the same percentage of the freight contracted for as the percentage which the extra distance represents to the distance of the normal and customary route.

- (d) to discharge at any alternative port any cargo or part thereof which may expose the Vessel to being held liable as a contraband carrier;
- (e) to call at any alternative port to change the crew or any part thereof or other persons on board the Vessel when there is reason to believe that they may be subject to internment, imprisonment, detention or similar measures;
- (f) where cargo has not been loaded or has been discharged by the Owners under any provisions of this clause, to load other cargo for the Owners' own benefit and carry it to any other port or ports whatsoever, whether backwards or forwards or in a contrary direction to the ordinary or customary route.

THE BALTIC AND INTERNATIONAL

MARITIME COUNCIL (BIMCO)

Conditions of Carriage.

(1) All terms and conditions, liberties and exceptions of the Charter Party, dated as overleaf, including the Law and Arbitration Clause, are herewith incorporated.

(2) General Paramount Clause.

(a) The Hague Rules contained in the International Convention for the Unification of certain rules relating to Bills of Lading, dated Brussels the 25th August 1924 as enacted in the country of shipment, shall apply to this contract. When no such enactment is in force in the country of shipment, the corresponding legislation of the country of destination shall apply, but in respect to which no such enactments are compulsorily applicable, the terms of the said Convention shall apply.

(b) Trades where Hague-Visby Rules apply.

In trades where the International Brussels Convention 1924 as amended by the Protocol signed at Brussels on February 23rd 1968—the Hague-Visby Rules—apply compulsorily, the provisions of the respective legislation shall apply to this Bill of Lading.

(c) The Carrier shall in no case be responsible for the loss or damage to the cargo, howsoever arising prior to loading into and after discharge from the Vessel or while the cargo is in charge of another Carrier, nor in respect of deck cargo or live animals.

(3) General Average.

General Average shall be adjusted, stated and settled according to York-Antwerp Rules 1994, or any subsequent modification thereof in London unless another place is agreed in the Charter Party.

Cargo's contribution to General Average shall be paid to the Carrier even when such average is the result of a fault, neglect or error of the Master, Pilot or Crew. The Charterers, Shippers and Consignees expressly renounce the Belgian Commercial Code, Part II, Art. 148.

(4) New Jason Clause.

In the event of accident, danger, damage or disaster before or after the commencement of the voyage, resulting from any cause whatsoever, whether due to negligence or not, for which, or for the consequence of which, the Carrier is not responsible, by statute, contract or otherwise, the cargo, Shippers, Consignees or the owners of the cargo shall contribute with the Carrier in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred and shall pay salvage and special charges incurred in respect of the cargo.

If a salving ship is owned or operated by the Carrier, salvage shall be paid for as fully as if the said salving vessel or vessels belonged to strangers. Such deposit as the Carrier or his agents may deem sufficient to cover the estimated contribution of the goods and any salvage and special charges thereon shall, if required, be made by the cargo, Shippers, Consignees or owners of the goods to the Carrier before delivery.

(5) Both-to-Blame Collision Clause.

If the Vessel comes into collision with another vessel as a result of the negligence of the other vessel and any act, neglect or default of the Master, Mariner, Pilot or the servants of the Carrier in the navigation or in the management of the Vessel, the owners of the cargo carried hereunder will indemnify the Carrier against all loss or liability to the other or non-carrying ship or her Owners in so far as such loss or liability represents loss of, or damage to, or any claim whatsoever of the owners of said cargo, paid or payable by the other non-carrying vessel or her Owners to the owners of said cargo and set-off, recouped or recovered by the other or non-carrying vessel or her Owners as part of their claim against the carrying Vessel or Carrier. The foregoing provisions shall also apply where the Owners, operators or those in charge of any vessel or vessels or objects other than, or in addition to, the colliding vessels or objects are at fault in respect of a collision or contact.

For particulars of cargo, freight destination, etc., see overleaf.
