Receivers have the option of using a second safe berth. The time for shifting between the two berths shall count as laytime, but shifting expenses shall be for Vessel's account.

 - b) If during the loading the Master, for fear of Vessel being frozen in, deems it advisable to leave, he has liberty to do so with what cargo he has on board and to proceed to any other port or ports with option of completing cargo for Owner's benefit to any port or ports including port of discharge. Any part cargo thus loaded under this Charter Party to be forwarded to destination at Vessel's expense but against payment of freight, provided that no extra expenses be thereby caused to the Receivers, freight being paid on quantity delivered (in proportion if lumpsum), all other conditions as per Charter Party.

Port of Discharge

- a) Should ice prevent Vessel from reaching port of discharge, Receivers shall have the option of keeping Vessel waiting until the reopening of navigation and paying demurrage, or of ordering the Vessel to a safe and immediately accessible port where she can safely discharge without risk of detention by ice. Such orders to be given within 48 hours after Master or Owners have given notice to Charterers of the impossibility of reaching port of destination.
 - b) If during discharging the Master for fear of Vessel being frozen in deems it advisable to leave, he has liberty to do so with what cargo he has on board and to proceed to the nearest accessible port where she can safely discharge.
 - c) On delivery of the cargo at such port, all conditions of the Bill of Lading shall apply and Vessel shall receive the same freight as if she had discharged at the original port of destination, except that if the distance of the substituted port exceeds 100 nautical miles, the freight on the cargo delivered at the substituted port to be increased in proportion.
